

Spending time together as a family benefits your children in many ways.

FAMILY ACTIVITIES

Write a fact file about Mary Anning.

Who was she?

What did she do?

Why is she famous?

Share a book together.
Where is the story set?

Can you draw a picture of the setting and add adjectives?

Draw and write an explanation of how fossils are formed.

Can you create a model of a fossil or a dinosaur bone?

What can you use—clay, papier mache, playdough?

Identify five different objects in your home. Draw them. Add a label saying what material they are made from.

Why are they made from this?

Create a dinosaur picture using only 2D shapes.

What shapes did you use?

Can you throw and catch a ball 10 times without dropping it.

List all of the items that you might need to take with you when you go exploring.

Imagine you have been on an exciting trip to somewhere exciting or unusual. Maybe to an island. Write a postcard home describing your journey.

Create your own dinosaur story. Choose your own characters and create a story map or book.

Winter word rhyming

What rhymes with these words?

chill

mittens

ice

hat

snow

coat

Can you make and play an addition and subtraction board game?

If you have time, choose an activity to do and send us some photographs!
