What's been happening this week?

Our well-being ambassadors led the worship this week to support the work that our nurture team are doing with the 'Zones of Regulation'.

The Zones of Regulation is a cognitive behavioural approach that is used to teach self-regulation strategies through categorising all of the different ways we feel into four clear and concrete coloured zones.

We are encouraging children to use the language of the coloured zones to express how they are feeling during the day and begin to recognise when they need to seek support.
